Nancy

As the applicant Excelsior should receive copies of all public comments and communications with the agency directly from EPA upon the agency's receipt of same. As the applicant Excelsior should not be required to file a FOIA request for this information. Please let me know today whether you will provide the above information and the timing by which you will provide it. Excelsior prefers that you provide the information as it arrives and not wait to batch the information together at some distant time. We are aware that there have been communications with the agency by Earthworks Mr. Dronkers as he has also been in communication with Excelsior.

Thank you,

Rebecca A. Sawyer
